МІНІСТЕРСТВО ОСВІТИ І НАУКИ УКРАЇНИ

Updating of VET Concept for Ukraine’s Recovery

03.11.2022

Background for Changes

The Ukraine Recovery Plan developed by the Government of Ukraine and presented at Ukraine Recovery Conference in Lugano, Switzerland on July 4-5, 2022

The EU4Skills Programme, Polish Solidarity Fund brought together a group of senior stakeholder representatives from Ministry of Education and Science of Ukraine, National Employment Service of Ukraine, Parliament of Ukraine, and Federation of Employers of Ukraine for a strategic policy session aimed at bringing together various sections of the recovery plan related to providing Ukraine's economy with the skilled and qualified human resources it needs to sustain and recover

Key reasons for changes

МІНІСТЕРСТВО ОСВІТИ І НАУКИ УКРАЇНИ

1 **Outdated content, inflexibility, and insufficient focus on learning outcomes**

2 **System of delivery of learning outcomes needs to be strengthened**

3 **The network of educational facilities needs to be carefully planned, rebuilt and modernized**

- Demographic changes
- **European integration**

STRATEGIC VISION AND OBJECTIVES

МІНІСТЕРСТВО ОСВІТИ І НАУКИ УКРАЇНИ

VISION:

Building a system of vocational education and training that is flexible, strong, inclusive, resilient, and contributes to Ukraine's recovery, sustainable economic development, and European integration

1. Modernization of the content of education for youth (I-VET) and adults (C-VET). Harmonization with best EU practices to improve quality of training
2. Improving institutional capacities for delivery of training and VET management system.
3. Smart rebuilding
