

CHS

Executive Profile

Background

Citizens High School was established in 1981 and has made its name as the second oldest nationally accredited distance education high school in the United States. With students represented in 53 states and territories and 62 countries, and over 25,000 alumni, CHS prides itself on offering pathways for students of any background or age.

Citizens High School is a registered private high school under the Florida Department of Education and both Regionally and Nationally accredited.
